

## HBSCNY COMMUNITY PARTNERS MISSION STATEMENT

*A Program of the Harvard Business School Club of New York*

Community Partners provides HBS alumni with volunteer opportunities to apply their business skills and make meaningful contributions to the local nonprofit community.

## ABOUT US

Community Partners provides nonprofit organizations with *pro bono* consulting advice by teams of Harvard Business School alumni volunteers and provides alumni with opportunities to use their business skills and career experience to assist nonprofit organizations in addressing management challenges and opportunities.

Our *pro bono* projects appeal to alumni volunteers because our work offers an opportunity to partner with HBS colleagues of all ages who represent an exceptionally wide range of backgrounds and careers. Also, our process is well-structured to accommodate the widely varied schedules of our alumni. Finally, our volunteers value the opportunity to apply their talents to worthy causes where fresh thinking and expert analysis result in actionable recommendations.

Consulting projects this year were diverse. Our alumni teams made many recommendations to our nonprofit clients. We refined a business plan, improved volunteer recruitment, overhauled a marketing strategy, expanded a donor base, broadened a digital footprint, grew organizational capacity, established a scalable expansion plan, realigned organizational structure, developed strategies for talent development and retention and more.

In 2017-2018, Community Partners engaged 183 alumni volunteers on 32 engagements in our core sectors: Arts & Culture, Education, Environment & Health, and Social Services.

Thanks to all our Community Partners volunteers, team leads, and 26-person leadership team for making 2017-2018 another successful year.

Charles Toder, MBA 1962 and Clare Peeters, MBA 2000

# SUPPORTING SOCIAL ENTERPRISE INITIATIVES IN OUR COMMUNITY

In addition to providing *pro bono* consulting advice for area nonprofits, Community Partners alumni volunteers drive a range of social enterprise programs and events of the Harvard Business School Club of New York. These activities include:

## SKILLS GAP INITIATIVE:

We oversee a team of alumni volunteers developing innovative solutions to the Skills Gap Initiative. The team works with area community colleges, medical facilities and vocational schools to build curricula based on employer defined skills and qualifications that ultimately link qualified candidates to hard-to-fill middle skills positions. More than 10 major hospitals and health care employers have hired SGI graduates to date.

## HBS EXECUTIVE EDUCATION SCHOLARSHIPS:

We manage all aspects of the application process, annually evaluating candidate applications from area nonprofits and selecting recipients for scholarships for the Strategic Perspectives in Nonprofit Management (SPNM) and Performance Measurement for Effective Management of Nonprofit Organizations (PMNO) programs at Harvard Business School.

## COMMUNITY PARTNERS LEADERSHIP AWARD:

We established this award in 2015 to recognize and celebrate clients of Community Partners who have demonstrated outstanding management and governance practices. Winners have included NY Sunworks, MESA Charter High School, Girls Write Now, LaGuardia Community College, Per Scholas, Bronx River Alliance, Lower East Side Tenement Museum, NYC Gay & Lesbian Anti-Violence Project.

.... our brainstorming session came at a good time because our organization is at a flexion point and poised to grow. It was important to have a fresh set of eyes look at our plans for the future...

- The Academy for Teachers, Sam Swope, Founder

... the team cared deeply about the project and brought so much of themselves to each aspect of our work together...

- JCCA Manhattan, Dava Schub, Chief Program Officer

....we had a superb team of dedicated volunteers who worked closely with us from start to finish...

- Union Settlement, David Nocenti, Executive Director
